

Matteo Anselmi

Email: matteo.anselmi@ge.infn.it

EDUCATION

- [11/01/2025 – in corso] **PhD in Theoretical Physics**
University of Genoa – Department of Physics
Research: Statistical Field Theory, Non-equilibrium QFT, Schwinger-Keldysh formalism, Hydrodynamics
- [09/18/2023 – 07/16/2025] **Master's degree in Physics**
University of Genoa – Department of Physics
Thesis: A web of dualities for Majorana fermions
Grade: 110/110 with honors
- [09/21/2020 – 09/07/2023] **Bachelor's degree in Physics**
University of Genoa – Department of Physics
Tesi: Photon gas and Black-Body radiation
Grade: 110/110 with honors
- [09/21/2015 – 06/23/2020] **High School at “Liceo Scientifico”**
Liceo G.D. Cassini
Grade: 100/100

PUBLICATIONS AND PREPRINTS

- [1] A. Amoretti, M. Anselmi and D.K. Brattan, *The price of locality: Maxwell-Cattaneo charge transport in Schwinger-Keldysh effective field theory*, arXiv: [2609.13378](https://arxiv.org/abs/2609.13378)
- [2] A. Amoretti, M. Anselmi and D.K. Brattan, *Schwinger-Keldysh effective actions for non-hydrodynamic poles and branch cuts*, arXiv: [2609.16164](https://arxiv.org/abs/2609.16164)
