Curriculum Vitae

Name, Surname: Giorgos, Batzios
Postal Address: Science Park 904, 1090 GL 94485, Amsterdam
Email address: g.batzios@uva.nl
Inspirehep: https://inspirehep.net/authors/2611148

Employment/Research Positions

10/2026 - ongoing: **Postdoctoral Fellow**
University of Genoa and National Institute for Nuclear Physics (INFN), Italy

11/2021 - 08/2026: **PhD in Theoretical High Energy Physics**
University of Amsterdam,Institute for Theoretical Physics, Netherlands
Supervisor: Associate Prof. Jácome Armas
PhD title: "An effective approach to D-branes"
Defended on 1st of September 2026

Education

09/2019 - 10/2021: **University of Amsterdam**, **Institute for Theoretical Physics, Netherlands**
M.Sc. in Theoretical Physics
Thesis: "Metastable states in confining gauge theories"
Supervisor: Associate Prof. Jácome Armas

01/2014 - 09/2018: **University of Athens**, **Department of Physics, Greece**
B.Sc. in Physics (*Ptychio*)
(4 years, 240 ECTS) Grade: "Excellent"
Thesis: "Quantum mechanics of the relativistic string"
Supervisor: Associate Prof. G. A. Diamandis

06/2012: **4th General Senior High School of Trikala, Greece** *Apolytirio Genikou Lykeiou* (General Senior High School-Leaving Certificate) Grade: "Excellent"

Awards

04/2015: "Papadakis" award for excellent academic records, Scholarships Department of University of Athens.

01/2013: "The Great Moment for Education", award recipient.

Student Supervision

01/09/2023 - 4/10/2024: Daily supervisor of master student Zandor Carvalho-Damaskinos. Thesis title: "Higher-group global symmetries at zero temperature and branes in supergravity".

01.04.2025 - ongoing: Daily supervisor of master student Nikolaj Skog Pirinen. Working thesis title: "The black string of five-dimensional minimal supergravity and 2-group symmetries".

Teaching

05/2024 - 06/2024: Teaching Assistant for the course "String Theory 2" of the M.Sc. in Theoretical Physics at the University of Amsterdam.

03/2024 - 05/2024: Teaching Assistant for the course "String Theory 1" of the M.Sc. in Theoretical Physics at the University of Amsterdam.

02/2024 - 03/2024: Teaching Assistant for the course "Topology and Geometry in AdS/CFT", integrated in the "Advanced Topics in Theoretical Physics" series of lectures, jointly organized from the universities of Amsterdam, Leiden and Utrecht.

05/2023 - 06/2023: Teaching Assistant for the course "String Theory 2" of the M.Sc. in Theoretical Physics at the University of Amsterdam.

01/2023 - 03/2023: Teaching Assistant for the course "Advanced Quantum Field Theory" of the M.Sc. in Theoretical Physics at the University of Amsterdam.

10/2022 - 12/2022: Teaching Assistant for the course "Quantum Field Theory 2" of the M.Sc. in Theoretical Physics at the University of Amsterdam.

05/2022 - 06/2022: Teaching Assistant for the course "String Theory 2" of the M.Sc. in Theoretical Physics at the University of Amsterdam.

09/2020 - 10/2020:	Teaching Assistant for the course "Statistical Physics and Condensed Matter Theory" of the M.Sc. in Theoretical Physics at the University of Amsterdam.
09/2018 - 09/2021:	Instructor in the private sector: Teaching various courses to undergraduate students, including Mathematical Analysis, Classical Mechanics and Special Relativity.

Conferences/Workshops

17-28/08/2026:	"Amsterdam String Workshop 2026", Institute for Theoretical Physics, Amsterdam, Netherlands
23-30/06/2025:	"14th Crete regional meeting in string theory", Orthodox Academy of Crete, Chania, Greece
10-21/06/2024:	"Amsterdam String Workshop 2024", Institute for Theoretical Physics, Amsterdam, Netherlands
21-22/12/2023:	"Xmas Theoretical Physics Workshop", University of Athens, Athens, Greece
4-29/9/2023:	'Hydrodynamics at all scales", Nordita, Stockholm, Sweden
24-28/4/2023:	"Eurostrings 2023", University of Oviedo, Gijón, Spain
4-15/07/2022:	"Amsterdam String Workshop 2022", Institute for Theoretical Physics, Amsterdam, Netherlands
25-29/4/2022:	"Eurostrings 2022", Ecole Normale Supérieure, Lyon, France
5-7/10/2021:	"First International Meeting for Quantum gravity" (Online)

Talks

06/2025, 05/2025, 12/2024:	"Spontaneous symmetry breaking patterns of higher-group symmetries and their incarnation in supergravity", 14th Crete regional meeting in string theory, Greece - Journal club of theoretical physics group in KU Leuven, Belgium - Journal club of theoretical and mathematical physics group in ULB, Belgium.
10/2024:	"Spontaneous breaking of higher-group symmetries", Journal club of string theory group in Amsterdam, Netherlands.
7/2022:	"Holographic Duals of the $\mathcal{N} = 1^*$ gauge theory", short talk at the Amsterdam string workshop 2022, Netherlands.

Publications

05/2025:	J. Armas, G. Batzios *Chiral anomaly from (anomalous) spin hydrodynamics* arXiv preprint https://arxiv.org/abs/2505.01843. To be submitted to Physical Review D.
02/2024:	J. Armas, G. Batzios, A. Jain *Higher-group global symmetry and the bosonic M5 brane* arXiv preprint https://arxiv.org/abs/2402.19458. JHEP 08 (2024) 003 https://link.springer.com/article/10.1007/JHEP08(2024)003.
12/2022:	J. Armas, G. Batzios, J.P. van der Schaar *Holographic duals of the $\mathcal{N} = 1^*$ gauge theory* arXiv preprint https://arxiv.org/abs/2212.02777. JHEP 04 (2023) 021 https://link.springer.com/article/10.1007/JHEP04(2023)021.

Computer Skills

Programming:	Mathematica, Python, Matlab, C
Software:	Origin, Logger Pro, Microsoft Office, OpenOffice

Languages

English:	IELTS Academic (December 2018)
Greek:	Mother Tongue
German:	State Language Certificate in German (November 2008)

Sociology, Philosophy, History:	I am particularly interested in the historical and structural dynamics of human societies, including how different social and economic frameworks evolve across various timescales.
